

# MEMORY

## **MATERIALS:**

- Memory Cards

## **HOW TO PLAY:**

Make sure that the cards are stuck to opaque paper, cut out, and laminated so that you cannot see through them.

Set out all the cards on the floor facing down. Some are words, some pictures.

The children each take turns to flip over two cards.

The goal is to flip over a word and its matching picture..

If you flip over two words or two pictures or a word and picture that do not match then you need to flip them over again and it's the next person's turn.

If you flip over a word and its matching picture you can pick them up and keep them.

The children must watch carefully so they can remember the positions of the cards to match them. The child with the most pairs at the end wins.
