

POP

MATERIALS:

- Word Cards
- POP Cards

HOW TO PLAY:

Children take turns pulling one card out of the container. If they pull a word card, they must give the definition. If they answer correctly, they keep the card. If they are wrong, it goes back in the container. If they draw a pop, they must put all of their cards back in the container.

After a certain amount of time you can end the game and the child with the most cards wins.
